

# Complicity, Campaigns, Collaboration, and Corruption:

## Strategies and Responses to European Corporations and Lobbyists in China

Globalization Monitor

March 2010

Sponsor: Isvara Foundation

In June 2008 the Chinese Nutrition Society, which is affiliated to the Health Ministry, held a seminar with Nestle China to promote Nestle baby formula. It claimed that the DHA and ARA in the formula help with the healthy growth of babies. The picture shows the heads of the Society and the company declaring the opening of the seminar.
